Welcome Address from ISPRES President, Sydney Coleman, MD

On behalf of the ISPRES Board of Directors, it gives me great pleasure to welcome you to the 7th Congress of the International Society of Plastic Regenerative Surgeons. Founded in 2011 in Vancouver, BC, Canada, the Society has grown to over 1,000 members worldwide.

ISPRES was founded to promote regenerative therapies for clinical application of fat grafting and adipose-derived stem cells in plastic surgery. Regenerative therapies play a key role in the future of plastic and reconstructive surgery and members of ISPRES are at the forefront. Recently, the Society has played an important role in patient safety initiatives, by collaborating with other national and international plastic surgery societies to address concerns over gluteal augmentation complications. ISPRES has co-authored advisories to the plastic surgery community, distributed globally.

We are especially happy to collaborate with the American Society of Plastic Surgeons (our parent Society) on this 7th Congress, held in conjunction with "Plastic Surgery, The Meeting." Dr. J. Peter Rubin has assembled a world class faculty, with cutting-edge topics and lively debate, which we hope will serve to introduce a greater number of board-certified plastic surgeons to regenerative therapies in their practice, and further refine the techniques of those who have already incorporated these techniques into their practices.

It is my pleasure to welcome you to the Congress, and while here, urge you to become a member of ISPRES. Please stop by our registration desk or booth #697 to learn more about the International Society of Plastic Regenerative Surgeons.

Warm regards,

A handwritten signature in black ink, appearing to read "Sydney Coleman". The signature is fluid and cursive.

Sydney Coleman, MD
President, ISPRES

Welcome Address from Program Chair, J. Peter Rubin, MD

It is my pleasure to welcome you to the 7th Congress of the International Society of Plastic Regenerative Surgeons, held in conjunction with "Plastic Surgery, The Meeting." The collaboration of ISPRES with the American Society of Plastic Surgeons presents a unique opportunity to gather a global community of forward-looking surgeons seeking to apply principles of regenerative therapies to our practices for the benefit of our patients.

Within the fascinating specialty of regenerative plastic surgery, innovation is key, and we present a diverse program filled with the history, complications, and advances of regenerative plastic surgery. We are very grateful to our speakers for sharing their expertise. As a Society, ISPRES is committed to advancing the field of regenerative plastic surgery responsibly and with the safety of our patients as the highest priority.

I look forward to this gathering of renowned surgeons from around the world to share ideas, strengthen our community, and enjoy the camaraderie.

General Information

2018 ISPRES Congress Meeting

September 30 – October 1, 2018

Congress Venue

McCormick Place West, W183C

Hotel Shuttle Routes & Service

Complimentary shuttle bus transportation will be provided to/from McCormick Place, West Building and the Hyatt Regency Chicago (151 E. Upper Wacker Dr.), Palmer House Hilton and Sheraton Grand hotels. The Hyatt Regency McCormick Place and Marriott Marquis are within walking distance of the Convention Center and will not have shuttle service.

Complimentary Shuttle Schedule

	Inbound Service To McCormick Place, West Departing Hotels Every 15–20 Minutes	Midday Service To/From Hotels Departing McCormick Place, West Every 30 Minutes	Outbound Service To Hotels Departing McCormick Place, West Every 15–20 Minutes
Sunday, 9/30	6:00 – 10:30 AM	10:30 AM – 4:00 PM	4:00 – 6:45 PM
Monday, 10/1	6:00 – 10:30 AM	10:30 AM – 4:00 PM	4:00 – 7:30 PM

Learning Objectives

Upon completion of this educational activity, participants should be able to:

- Discuss the current state of science as related to fat grafting and regenerative medicine overall.
- Describe recent research efforts and innovations in the use of regenerative medicine in cosmetic and reconstructive plastic surgery procedures.
- Identify regenerative technologies and list the potential uses of such technology to enhance patient outcomes.

SESSION 1

7:30 to 7:45 a.m.

Welcome*Speaker: Program Chair, J. Peter Rubin, MD*

7:45 to 9:00 a.m.

Panel on Complications in Regenerative Surgery: Focus on Gluteal Augmentation Complications and Other Areas*Moderator: Gregory R.D. Evans, MD***Update on Multisociety Gluteal Task Force***Speaker: J. Peter Rubin, MD***Tips for Successful Fat Grafting***Speaker: Roger Khouri, MD***Gluteal Fat Grafting: A South American Perspective***Speaker: Alexandra Condé-Green, MD, FICS***Preventing Complications and Improving Outcomes through Biological Morphogenetic Surgery: A New Concept in Regenerative Surgery***Speaker: Gino Rigotti, MD***Complications in Fat Grafting Outside of Gluteal Grafting***Speaker: Sydney Coleman, MD*9:00 to 10:00 a.m. | **Coffee Break/Exhibits****SESSION 2**

10:00 to 10:30 a.m.

Keynote Address: A History of Fat Grafting*Speakers: ISPRES President, Sydney Coleman, MD*10:30 a.m. to 12:00 p.m. | **Free Papers**12:00 to 1:30 p.m. | **Lunch Break****SESSION 3**

1:30 to 3:00 p.m.

ISPRES and IFATS: Looking Forward in Clinical Applications and Research in Regenerative Plastic Surgery*Moderator: Kotaro Yoshimura, MD**Speakers: Adam Katz, MD; J. Peter Rubin, MD; Guy Magalon, MD; Lauren Kokai, PhD; Ricardo Rodriguez, MD*3:00 to 4:30 p.m. | **Coffee Break/Exhibits****SESSION 4**4:30 to 5:05 p.m. | **Free Papers**

5:05 to 5:30 p.m.

ISPRES/ICOPLAST Young Plastic Surgeon Award*Speakers: Riccardo Mazzola, MD; Stefania de Fazio, MD***SESSION 5**

5:30 to 6:00 p.m.

Radiation Therapy*Moderator: J. Peter Rubin, MD Speakers: Ricardo Rodriguez, MD; Asim Ejaz, MD*

SESSION 6

7:00 to 8:00 a.m.

How is Fat Grafting Changing My Approach to Address Different and Challenging Areas of Reconstruction?*Moderator: Paolo Persichetti, MD, PhD**Speakers: Roger Khouri, MD; Jeffrey Gusenoff, MD; Pietro Gentile, MD; Nelson Piccolo, MD***SESSION 7**

8:00 to 9:00 a.m.

Advances in Regenerative Technologies*Moderator: Brian Kinney, MD**Speakers: Dennis Orgill, MD, PhD; Kotaro Yoshimura, MD*9:00 to 10:00 a.m. | **Coffee Break/Exhibits****SESSION 8**10:30 a.m. to 12:00 p.m. | **Free Papers**12:00 to 1:30 p.m. | **Lunch Break****SESSION 9**

1:30 to 3:00 p.m.

Advances in Regenerative Surgery: Now and Tomorrow – Lessons from the Masters*Moderator: Gregory R.D. Evans, MD**Speakers: Paul Cederna, MD; Mike Neumeister, MD; W. P. Andrew Lee, MD*3:00 to 4:30 p.m. | **Coffee Break/Exhibits****SESSION 10**

4:30 to 5:30 p.m.

Video Panel on Hot Topics in Plastic Regenerative Surgery*Moderator: Nelson Piccolo, MD**Speakers: Roger Khouri, MD; Massimiliano Brambilla, MD; Sydney Coleman, MD; Kotaro Yoshimura, MD*

Accreditation: The American Society of Plastic Surgeons® (ASPS) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation: The ASPS designates this live activity for a maximum of **14.5 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Course subjects, speakers and panelists are current at the time of publication and subject to change.
