

## **International Society of Regenerative Plastic Surgeons ISPRES Presents Webinar Series**

The International Society of Plastic Regenerative Surgeons (ISPRES) was established in 2011 in Vancouver to fulfill the need for a forum where plastic surgeons from around the world could exchange ideas and advance the exciting new frontier of Regenerative Plastic Surgery

The ISPRES Webinar Series is a monthly virtual gathering of plastic surgeons from around the world featuring international regenerative plastic surgeons specializing in the research and application of adipose tissue.

The ISPRES Presents Webinar Series provide an interactive forum to provide insight and discuss hot topics related to the regenerative medicine and plastic surgery. ISPRES webinars are complimentary to ISPRES members and may expand beyond the membership dependent on the topic.

**Average Number of Attendees: 50-75**

**Duration: 1 Hour**

### **\$2,000 Sponsorship**

- Recognition as a sponsor on webinar and in all marketing and webinar materials including emails, program introduction, and sponsorship slide
- Opportunity to provide one (1) resource as a supplemental document for the webinar
- Two (2) dedicated social media posts on ISPRES Facebook Page including logo and link to website
- One (1) Post-program thank you email from sponsor with contact information and link to company website
- Logo listed on ISPRES Presents website landing page
