

International Society of Regenerative Plastic Surgeons ISPRES Presents Webinar Series

The International Society of Plastic Regenerative Surgeons (ISPRES) was established in 2011 in Vancouver to fulfill the need for a forum where plastic surgeons from around the world could exchange ideas and advance the exciting new frontier of Regenerative Plastic Surgery.

The ISPRES Webinar Series is a monthly virtual gathering of plastic surgeons in an interactive forum to provide insight and discuss hot topics related to the fields of regenerative medicine and plastic surgery. ISPRES webinars are complimentary to ISPRES members and may expand beyond the membership dependent on the topic.

Average Number of Attendees: 40-75

Duration: 1 Hour

Distribution List: 1100

ISPRES WEBINAR SERIES SPONSORSHIP: \$14,500
